KLC FIELDJET PART NO.	LIST PRICE
1/4KLC-##	\$50.61
1/4KLC-SS-##	\$82.81
## - Specify Tip Size	
1/4KLC - Brass	
1/4KLC-SS- Stainless Steel	

The KLC FieldJet nozzle is typically used to spray areas not accessible with a boom sprayer. Its one-piece nozzle design projects spray to both sides to form a wide swath flat spray. The round orifice minimizes clogging. Uniformity across the swath is not as good as with a properly operated boom sprayer.* Available in brass or stainless steel.

* Uniformity can be optimized by double overlapping spray swaths on successive sprayer passes. Remember, this also doubles the application volume.
