

The Envizio introduces the LastPass Guidance Pattern which enables the operator to drive to their last pass.

The Envizio offers a variety of Views such as:

- Down-field view
- Birds-eye view
- GPS Status screen
- Field boundary and total acres
- Field map review with zoom

Additional Features:

- Color touch screen
- Stand alone interface for existing RGL600
- 2 USB ports data transfer
- LED on-screen guidance
- Boom sense wire
- AND MUCH MORE!
