## CenterLine™ 220

*Simplified Guidance!*

Compact Guidance  
for any Application

Don't let the compact size of the CenterLine 220 fool you. This complete guidance system is designed to let you take advantage of GPS lightbar guidance for any field operation. Inside the conveniently sized guidance system is a high-quality GPS receiver and the guidance capabilities that make Mid-Tech leaders in lightbar guidance.

- Versatile GPS guidance in a compact, portable package
- Traditional lightbar guidance plus a graphical display provide complete guidance information
- High-quality Internal GPS engine with external antenna
- Simple setup gets you up and running in no time
- Straight-line (parallel) and curved AB guidance modes
- Return to point feature

- Durable, sealed rubber keypad is easy to see and provides good tactile feedback for the operator
- Provides RADAR-like speed signal for use with other control systems that require a speed signal
